### Agreement To Parking Regulations

King's College provides parking facilities for students, staff, faculty, and visitors. The College is not responsible for any damage to a vehicle, theft from a vehicle, or theft of a vehicle parked on College property. This is the sole responsibility of the vehicle owner and/or operator. We recommend you take every reasonable precaution to prevent theft and vehicular damage. Such measures include: closing all windows, locking all doors, parking in designated areas only, following all traffic signs, and refraining from displaying valuables (such as MP3 players, cell phones, purses, etc.). Should a theft or vehicle damage occur while parked on College property, you are to contact the Office of Campus Safety and Security for investigative purposes only. The College assumes no responsibility for the assumed risks of parking a vehicle on College property.

I agree to accept and abide by the parking regulations established by King's College. I also agree that if I am in violation of these regulations that my vehicle will be ticketed and/or removed by towing at owner expense.
