

## Student Grant and Scholarship Resolution Form

Student Name: \_\_\_\_\_ Student ID#: \_\_\_\_\_

While determining your eligibility for financial aid for the 2026-27 academic year, we have discovered conflicting information on your Free Application for Federal Student Aid (FAFSA).

- There was an amount reported in **College Grants, Scholarships, or AmeriCorps Benefits** reported as income to the IRS.
- You would only include grant and scholarship aid **THAT WAS REPORTED TO THE IRS AS INCOME.** This only includes the amount of grant & scholarships that exceeds your tuition & fees at the institution you attended.
- Students sometimes incorrectly assume that any grant/scholarship reported on a 1098 form should be entered. Only grant/scholarship aid that was issued as income and therefore included as taxable income on the federal tax return, should be reported.

### Review your 2024 Federal Tax Return:

**Please check one of the following:**

- The amount of college grants, scholarships, or AmeriCorps benefits reported on the FAFSA should be ZERO:** The amount of Grant/Scholarship aid was NOT reported to the IRS as income.
- The amount of college grants, scholarships, or AmeriCorps benefits reported on the FAFSA should REMAIN the same. Please attach your 2024 Tax Return 1040 Schedule 1.** The amount of Grant/Scholarship aid WAS reported to the IRS as income.
- Other.** Please explain: \_\_\_\_\_
