**Are you drawn to linguistics and the French language and culture? Explore our program and take your studies abroad!**

Our program offers an immersive experience into the language and heritage of French-speaking regions, catering to both beginners and advanced learners. Enhance your communication skills and prepare for diverse career paths, including education, translation, and international relations. Discover the significant impact of mastering the French language and culture, gaining a competitive edge in the global job market.

### OPPORTUNITIES AT KING'S COLLEGE

Our curriculum is designed to immerse students in the language, culture, and literature of France. A notable feature is the robust study abroad opportunities through partnerships with esteemed programs in France, allowing students to experience the language and culture firsthand. Here is what else makes our program unique:

**Internship opportunities:** build professional skills and allow students to apply their language knowledge in real-world settings, enhancing job market competitiveness.

**Extracurricular activities:** students can engage in Alpha Mu Gamma, a national collegiate foreign language honor society.

**Compatible second major or minor:** a French major can be combined with any other major. Minors, which require fewer courses, are also available in many of these areas: accounting, biology, business administration, CIS, and more!

**Global experience:** students will have access to international internships and study abroad opportunities to become immersed in the culture and language.

"Learning French at King's not only helped me accomplish my goal of traveling to France but turned my French-speaking hobby into a career as well."

## CAREER OPPORTUNITIES

Knowledge of French provides a multitude of opportunities for students to branch out in the global economy, especially when combined with another field of study. While international awareness is necessary in today's professional world, French can be a hometown endeavor, too. More than 4,600 French companies conduct business in the United States. The language skills and cultural knowledge acquired will enhance employment opportunities in many fields, which includes:

- U.S. Secret Service analyst
- international accountant
- attorney
- international business executive
- French Embassy public relations officer
