

CHEMISTRY

MINOR CONCENTRATION

A minor concentration requires a minimum of six courses, representing at least eighteen credits, in the minor field of study. In addition, a department may add academic prerequisites or requirements in related fields, but the total will not exceed 60% of the department's major program requirements. Minor requirements are listed under departmental entries. In order to complete requirements for a minor, the student must take the majority of credits in the minor field at King's. Minor areas of concentration (minors) are permitted, but not required.

Monitoring of student progress in pursuing a minor in **Chemistry** is necessary to enhance the student learning experience. Therefore, a written declaration must be submitted by the student to the Registrar.

Minor Requirements <i>(24 credits)</i>	Credits
CHEM 113/L General Chemistry I	4
CHEM 114/L General Chemistry II (<i>Prerequisite: CHEM 113</i>)	4
CHEM 241/L Organic Chemistry I (<i>Prerequisite: CHEM 114</i>)	4
CHEM 242/L Organic Chemistry II (<i>Prerequisite: CHEM 241</i>)	4
CHEM 243/L Analytical Chemistry (<i>Prerequisite: CHEM 114</i>) <i>OR</i>	
CHEM 244/L Instrumental Analysis (<i>Prerequisite: CHEM 241</i>)	5
<i>One approved CHEM elective numbered CHEM 245 or higher excluding CHEM 351. Three (3) credits of CHEM research may be used as this elective.</i>	3
