

CYBERSECURITY

MINOR CONCENTRATION

A minor concentration requires a minimum of six courses, representing at least eighteen credits, in the minor field of study. In addition, a department may add academic prerequisites or requirements in related fields, but the total will not exceed 60% of the department's major program requirements. Minor requirements are listed under departmental entries. In order to complete requirements for a minor, the student must take the majority of credits in the minor field at King's. Minor areas of concentration (minors) are permitted, but not required.

Monitoring of student progress in pursuing a minor in **Cybersecurity** is necessary to enhance the student learning experience. Therefore, a written declaration must be submitted by the student to the Registrar.

Minor Requirements <i>(6 courses – 18 credits)</i>	Credits
CS 110 Introduction to Information Security	3
CS 340 Digital Forensics	3
CIS 385 Cyber Network Foundations	3
CIS 386 Adv. Cyber Networks & Security	3
CJ 346 Cybercrime	3
Choose one Applied Cybersecurity course:	3
CIS 471 Information Systems Security and Assurance	
CIS 487 Enterprise Cyber Security	
CS 416 Ethical Hacking
