

## **King's College – Assistant Professor of Neuroscience**

King's College in Wilkes-Barre, PA, invites applications for a full-time, tenure-track Assistant Professor position in Neuroscience beginning August 1, 2024. Housed in the Psychology Department, the Neuroscience program offers a Neuroscience B.S. degree and minor and supports pre-medical programs.

The successful candidate will excel at teaching undergraduate courses and meaningfully incorporate undergraduate students in course-based research. Teaching responsibilities include Neuroscience introduction, Drugs & Behavior, Research Methods, Senior Research Capstone, Neuropathology or Clinical Neuro Assessment, and elective courses. The teaching load for this position is 24 credits per 9-month academic year (4-4). Faculty must also engage in service, scholarship, and professional development. The successful candidate will establish and maintain a research program involving undergraduate students, with support from the College and department, including internal funding opportunities and conference travel. The current infrastructure supports rodent work, but human researchers are encouraged to apply. **The successful candidate will have a Ph.D. in neuroscience or a related field. ABD also considered.**

To apply, send a letter of interest, curriculum vitae, teaching philosophy, brief research statement (emphasis on how you may include undergraduates in this research), and the names and contact information of three professional references to [HRjobs@kings.edu](mailto:HRjobs@kings.edu). Screening of applications will begin immediately and continue until the position is filled.

A Catholic institution of higher education animated and guided by the Congregation of Holy Cross, King's pursues excellence in teaching, learning, and scholarship through a rigorous core curriculum, major programs across the liberal arts and sciences, nationally accredited professional programs at the undergraduate and graduate levels, and personal attention to student formation in a nurturing community. The College is in downtown Wilkes-Barre, on the edge of the Pocono Mountains. King's is committed to recruiting a diverse faculty and student body and welcomes applications from persons of traditionally under-represented groups. Further information about King's can be found at [www.kings.edu](http://www.kings.edu). EOE.
