

JULY 9 – 13, 2023

HEALTH SCIENCES CAREER CAMP

This camp is a hands-on opportunity to learn about different careers in the Health Sciences for 9th, 10th and 11th grade students. Campers will engage in fun, dynamic, and interactive activities that focus on professions such as: Occupational Therapy, Physician's Assistant, Nursing, Physical Therapy, Neuroscience, Chiropractor, Exercise Science, Athletic Trainer, Dentistry, Nutrition and other health-science related career fields. Taught by university professors, professionals in their respective fields and assisted by King's College students in health sciences, campers will gain an understanding of academic and professional requirements, career outlook, earning potential, as well as basic neurology, physics, chemistry, human anatomy, and physiology in an interactive approach to learning about potential future careers in health sciences.

Overnight Option:

Cost is \$695.

Check-in: Sunday, July 9th between 2 PM – 4 PM

Meals Provided: Breakfast, Lunch and Dinner

Daily Camp Option:
