Students are not allowed to smoke any substances inside their College-owned residence. King's College does not permit items that have open heating coils (ie. toaster ovens, hot plates, space heaters), that are flammable (ie. candles, live trees) or animals, except fish that live in a 20 gallon or less tank. Service animals, and emotional support animals that are approved prior to the animal's arrival on campus, are permitted.

King's College is not responsible for a student's personal belongings. The College strongly recommends that you check your personal insurance policies to make sure that student property is covered while living at King's. If needed, additional insurance information can be found at www.nssi.com.

Room Dimensions

- Esseff Hall: 16'11" x 16'6" x 7'8"
- Holy Cross Hall: 16'1" x 10'3" x 8'
