## Total Credits Required for Graduation $=139$

Physics Electives - In addition to the Major Sequence requirements, a Physics Major must also complete a minimum of two (2) upperlevel PHYS courses numbered 231 or higher. Some elective courses have a required laboratory component. Some courses in MATH or CHEM may be cross-listed as PHYS.

|  | Physics Electives |  |  |
| :---: | :---: | :---: | :---: |
| PHYS 241* | PHYS 233 | PHYS 372 | PHYS 320 |

${ }^{1}$ Students are required to take CORE 150, CORE 180 OR CORE 190 to fulfill the Interdisciplinary CORE requirement.

- If a student takes CORE 150, then he/she should choose from 181-188 to fulfill the 18x requirement AND from 191 - 198 to fulfill the 19x requirement.
- If a student takes CORE 180, then he/she should choose from 151 - 158 to fulfill the 15 x requirement AND from 191 - 198 to fulfill the 19 x requirement.
- If a student takes CORE 190, then he/she should choose from 151 - 158 to fulfill the $15 x$ requirement AND from $181-188$ to fulfill the $18 x$ requirement.
${ }^{2}$ Updated Child Abuse \& Criminal Record \& FBI Clearances REQUIRED for EDUC 235, EDUC 240, EDUC 302, EDUC 305, EDUC 350, EDUC 366, EDUC 467, and EDUC 468.
${ }^{3}$ EDUC 299 Basic Skills is a pre-requisite for all 300 and 400 level education courses. In order to register for this course, you must take and pass all basic skills tests.

## General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs or if the student elects to pursue a second major.
Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives." Because of the CORE, Major, and Secondary Education requirements, there are no "Free Electives" for students majoring in Physics/Secondary Education.

## Physics/Secondary Education

## Suggested Sequence

- Use the information below as a guide when selecting courses.
- Refer to the reverse side when selecting major courses, major electives, core courses, and free electives when applicable.
- Consult your Academic Advisor prior to course registration.
- Refer to the King's College Catalog and/or website for course titles and descriptions.
- Choose one course from each CORE category as listed on the reverse side.
- CORE courses may be taken in any order approved by the academic advisor with the following conditions:
- CORE 100 and CORE 110 should be taken in the first available semesters.
- CORE 115 (or 116) should be taken within the first two years.
- For students selecting a Foreign Language (CORE 14x), every effort should be made to register for that language in the first available semester at King's.

| $1^{\text {st }}$ Year - Fall | cr. | $1^{\text {st }}$ Year - Spring | cr. |
| :---: | :---: | :---: | :---: |
| PHYS 113 Physics for Scientists \& Engineers I | 3 | PHYS 114 Physics for Scientists \& Engineers II | 3 |

| :--- | :---: |
| EDUC $467^{2,3}$ | 7 |
| EDUC $468^{2,3}$ | 2 |
| EDUC $440^{3}$ | 3 |
| Take Praxis II | $\mathbf{1 2}$ |

Students who wish to finish in four (4) years
(including Student Teaching) MUST take
summer courses.

Total Credits Required for Graduation $=139$
NOTE: All Secondary Teacher Certification candidates must complete six credits of college level mathematics and six credits of college level English:

| Math Courses | MATH 129 | MATH 130 |
| :--- | :--- | :--- |
| English Courses | CORE 110 | CORE 16__ |

The Pennsylvania Department of Education requires secondary teachers to have a degree in the content area for certification. Students seeking secondary certification must meet with his/her specific content area department for content area courses required for the degree. The Education Division is not responsible for content area or CORE courses for secondary certification candidates.
