### Minimum Credits Required for Graduation = 120

\*In addition to the Major Sequence requirements, a Biology Major must also complete a minimum of <u>two</u> (2) upper-level courses (minimum of one with lab) and a minimum of <u>one</u> Research Intensive Course (RIC).

#### **General Information:**

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs <u>or</u> if the student elects to pursue a second major.

Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives." Students in the accelerated Biology program will use first-year courses of their professional program to satisfy their "free elective" credit requirement.

 $<sup>^1</sup>$ Student should take CORE 150, then choose from 181-188 to fulfill the 18x requirement AND from 191-198 to fulfill the 19x requirement.

<sup>&</sup>lt;sup>2</sup>Students will use courses taken at their professional school to count as 2 BIOL electives and 5 Free electives

<sup>&</sup>lt;sup>3</sup>Sophomore Seminar (Spring of Sophomore Year)

<sup>&</sup>lt;sup>4</sup>Junior Seminar (Fall or Spring Semester of Junior Year)

<sup>&</sup>lt;sup>5</sup>Senior Seminar (Fall or Spring Semester of Senior Year)

<sup>&</sup>lt;sup>6</sup>Research intensive course (RIC)

## BIOLOGY - ACCELERATED PRE-MEDICAL TRACK

FOR PRE-MEDICAL STUDENTS

#### SUGGESTED SEQUENCE

- Use the information below as a guide when selecting courses.
- Consult your Academic Advisor prior to course registration.
- Refer to the King's College Catalog and/or website for course titles and descriptions.
- Choose one course from each CORE category as listed on the reverse side.
  - O CORE courses may be taken in any order approved by the academic advisor with the following conditions:
    - CORE 100 and CORE 110 should be taken in the first year.
    - CORE 115 (or 116) should be taken within the first two years.
    - For students selecting a Foreign Language (CORE 14x), every effort should be made to register for that language in the first semester at King's.

<sup>†</sup>The standard semester course load is five courses consisting of 15 – 17 credits. A student may take 18 credits if the science lab puts them over 17 credits. (for more information about credit loads, please see the college catalog)

We highly recommend that you consider taking classes over the summer to alleviate the intense course-load during the Fall and Spring semesters. Upon successful completion of the first year medical school curriculum, the student will have satisfied all King's College requirements for graduation.
