## **GENERAL SCIENCE**

**BACHELOR OF SCIENCE (B.S.)** 

Minimum Credits Required for Graduation = 120

| *A student majoring in General Science must choose one of the following Tracks (minor concentrations) below:   |  |                                   |                                   |  |   |  |  |  |
|--|--|-----------------------------------|-----------------------------------|--|---|--|--|--|
| <b>**Elective courses in Science and/or Math to accumulate a minimum of 60 credits in Science and Math.</b><br><b>NOTE:</b> Some courses required for certain minor programs will have prerequisites that must be fulfilled. |  |                                   |                                   |  |   |  |  |  |

<sup>1</sup>Students are required to take CORE 150, CORE 180 **OR** CORE 190 to fulfill the Interdisciplinary CORE requirement.

If a student takes CORE 150, then he/she should choose from 181 - 188 to fulfill the 18x requirement AND from 191 - 198 to fulfill the 19x requirement.

If a student takes CORE 180, then he/she should choose from 151 - 158 to fulfill the 15x requirement AND from 191 - 198 to fulfill the 19x requirement.

If a student takes CORE 190, then he/she should choose from 151 - 158 to fulfill the 15x requirement AND from 181 - 188 to fulfill the 18x requirement.

<sup>2</sup>Students may select "free electives" for personal enrichment **OR** for Minor and/or Second Major Requirements.

## **General Information:**

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs or if the student elects to pursue a second major.

Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives."

## **GENERAL SCIENCE**

## SUGGESTED SEQUENCE

0

- Use the information below as a guide when selecting courses.
- Refer to the reverse side when selecting major courses, major electives, core courses, and free electives when applicable.
- Consult your Academic Advisor prior to course registration.
- Refer to the King's College Catalog and/or website for course titles and descriptions.
- Choose one course from each CORE category as listed on the reverse side.
  - CORE courses may be taken in any order approved by the academic advisor with the following conditions:
    - CORE 100 and CORE 110 should be taken in the first year.
    - CORE 115 (or 116) should be taken within the first two years.
    - For students selecting a Foreign Language (CORE 14x), every effort should be made to register for that language in the first semester at King's.

| Minimum Credits Required for Graduation = 120 |       |  |        |  |  |  |  |

\* Students considering the Physics track should take PHYS 113, 113L, 114, & 114L during their freshman year in exchange for the Biology courses.

<sup>+</sup>The standard semester course load is five courses consisting of 15 - 17 credits. A student may take 18 credits if the science lab puts them over 17 credits. (for more information about credit loads, please see the college catalog)
