## **CHEMISTRY – CHEMICAL ENGINEERING TRACK**

3+2 Engineering Dual Degree Program with Notre Dame Course Requirements

Note: CHEM 471 required for the King's degree is satisfied by taking CHEM 40443 Inorganic Chemistry at Notre Dame

CHEM 40443 will satisfy Notre Dame's Advanced Science Elective requirement

CHEM 357/L satisfies the Notre Dame requirement for CBE 20260 Thermodynamics

CHEM 243/L satisfies the Notre Dame requirements for CHEM 30333 Analytical Chemistry and CHEM 31333 Analytical Chemistry Lab CHEM 358/L satisfies the Notre Dame requirement for CHEM 30324 Physical Chemistry

<sup>1</sup>Students are required to take CORE 150, CORE 180 OR CORE 190 to fulfill the Interdisciplinary CORE requirement.

• If a student takes CORE 150, then he/she should choose from 181 - 188 to fulfill the 18x requirement AND from 191 - 198 to fulfill the 19x requirement.

- If a student takes CORE 180, then he/she should choose from 151 158 to fulfill the 15x requirement AND from 191 198 to fulfill the 19x requirement.
- If a student takes CORE 190, then he/she should choose from 151 158 to fulfill the 15x requirement AND from 181 188 to fulfill the 18x requirement.

## General Information:

The 3-2 engineering program is a dual degree program. Students spend 3 years at King's College (King's) taking math, science and CORE courses and then transfer to Notre Dame (ND) for 2 years, focusing on engineering courses in their chosen field. Admission into Notre Dame requires a minimum GPA of 3.30 after 5 semesters of college study. Students must earn at least 60 credits from ND to receive the ND degree. Upon successful completion of the program at Notre Dame, students will receive *both* a B.S. in Chemistry from King's and a B.S. in Chemical Engineering from Notre Dame. (For more information, refer to the college catalog).

## **CHEMISTRY – CHEMICAL ENGINEERING TRACK**

3+2 DUAL DEGREE ENGINEERING PROGRAM WITH NOTRE DAME

SUGGESTED SEQUENCE

- Use the information below as a guide when selecting courses.
- Refer to the reverse side when selecting major courses, major electives, core courses, and free electives when applicable.
- Consult your Academic Advisor prior to course registration.
- Refer to the King's College Catalog and/or website for course titles and descriptions.
- Choose one course from each CORE category as listed on the reverse side.
  - CORE courses may be taken in any order approved by the academic advisor with the following conditions:
    - CORE 100 and CORE 110 should be taken in the first year.
    - CORE 115 (or 116) should be taken within the first two years.
    - For students selecting a Foreign Language (CORE 14x), every effort should be made to register for that language in the first available semester at King's.
