**NOTE:** All core and major requirements must be completed by the end of the Spring Semester of Year 3.

\*Courses noted with an asterisk comprise the "Prerequisite Science GPA".

\*\*PA 200, PA 201 and a Free Elective<sup>3</sup> are pending approval by the college.

**Health Care Experience Hours:** Students must complete a minimum of 500 health care experience hours prior to the completion of Year 3 of the 5-year BS/MS Program. Some of these hours must be spent shadowing Physician Assistants. See document titled "Health Care Experience Hours" for further detail. The student must complete and log a minimum of 375 hours by December 1<sup>st</sup> of the fall semester of the junior year (year 3). Early during their first semester, students will be provided with information on how to log their clinical experience hours online.

**Professional (Didactic) Phase Year 1 (2 semesters and 6 weeks of summer session course work)**

Upon successful completion of the first 3 years and the first 2 semesters of the professional phase of the PA program, the degree of Bachelor of Science in Medical Studies is awarded. Students are now considered graduate level students.

**Professional (Clinical) Phase Year 2 (13.5 months)**

Upon completion of all required clerkships and acceptable completion of the capstone course, students are awarded a Master of Science in Physician Assistant Studies.

**Students enrolled in the 5-year BS/MS Physician Assistant Major will be advised of and provided with a copy of the "Progression Criteria." This "Progression Criteria" along with this document shall serve as guidelines for successful completion of this major.**

### NOTES:

\*Courses noted with a single asterisk comprise the "Prerequisite Science GPA".

\*\*PA 200, PA 201 and a Free Elective<sup>3</sup> are pending approval by the college.

<sup>1</sup>Choose one course from each of the Core Requirements listed on the reverse side.

<sup>2</sup>Course may satisfy both a Major and a Core requirement. BIOL 113 and CHEM 113 satisfy the Scientific Endeavor and Science in Context Core requirement. MATH 126 satisfies the Quantitative Reasoning Core requirement.

<sup>3</sup>Students may select "free electives" for personal enrichment **OR** for Minor and/or Second Major Requirements.

### General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs **or** if the student elects to pursue a second major. Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives."
