NOTES:

General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs <u>or</u> if the student elects to pursue a second major. Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives."

¹Choose one course from each of the Core Requirements listed on the reverse side.

² Course may satisfy both a Major and a Core requirement. MATH 128 will satisfy the Quantitative Reasoning Core requirement, BIOL 113 and CHEM 113 will satisfy the Scientific Endeavor and the Science in Context Core requirements

³ Students may select "free electives" for personal enrichment <u>OR</u> for Minor and/or Second Major Requirements.

 $^{^{\}mbox{\scriptsize PR}}$ Course has a prerequisite – check college catalog.
