Total Credits earned at King's College = 100

Students apply for transfer admission to the University of Notre Dame after completion of the Fall semester of their 3rd year. Students must have satisfied King's College academic guidelines, as well as the following general criteria:

- For Admission to the University of Notre Dame
 - o Cumulative grade-point average (GPA) of at least 3.6 on a 4.0 scale.
 - o Cumulative technical grade-point average of at least 3.6 on a 4.0 scale (all math, science and engineering courses)
 - o GPA must be maintained through Spring Semester of Year 3
 - o All grades that transfer to Notre Dame must be a "B" or higher, and grades for all courses taken at King's must be a C or higher.
 - o At least 60 credit-hours of work that can be transferred to satisfy Notre Dame engineering and general education degree requirements
- The specific admission criteria for each school will be confirmed by the 3+2 Program Director

Notes:

PHYS 231, PHYS 350, PHYS 371 or PHYS 440 will satisfy Notre Dame's Technical Specialization/Professional Development requirement

PHYS 241 satisfies the Notre Dame requirement for AME 20221 Mechanics I

PHYS 242 satisfies the Notre Dame requirement for AME 20241 Solid Mechanics

PHYS 330 satisfies the Notre Dame requirement for AME 20222 Mechanics II

PHYS 350 satisfies the Notre Dame requirement for AME 20231 Thermodynamics

- *Students are encouraged to take summer courses to relieve the course load pressure during this semester.
- ¹Choose one course from each of the Core Requirements listed on the reverse side.
- ² Course may satisfy both a Major and a Core requirement. CHEM 113 and PHYS 113 will satisfy the Scientific Endeavor and Science in Context Core requirements. MATH 129 will satisfy the Quantitative Reasoning Core requirement.
- PR Course has a prerequisite check college catalog.
- ^{CR} Course has a co-requisite check college catalog.
