A minor concentration requires a minimum of six courses, representing at least eighteen credits, in the minor field of study. In addition, a department may add academic prerequisites or requirements in related fields, but the total will not exceed 60% of the department's major program requirements. Minor requirements are listed under departmental entries. In order to complete requirements for a minor, the student must take the majority of credits in the minor field at King's. Minor areas of concentration (minors) are permitted, but not required.

Monitoring of student progress in pursuing a minor in <u>Chemistry</u> is necessary to enhance the student learning experience. Therefore, a written declaration must be submitted by the student to the Registrar.

Minor Requirements (24 credits)		Credits
	CHEM 113/L General Chemistry I	4
	CHEM 114/L General Chemistry II (Prerequisite: CHEM 113)	4
	CHEM 241/L Organic Chemistry I (Prerequisite: CHEM 114)	4
	CHEM 242/L Organic Chemistry II (Prerequisite: CHEM 241)	4
	CHEM 243/L Analytical Chemistry (Prerequisite: CHEM 114)	
	OR CHEM 244/L Instrumental Analysis (Prerequisite: CHEM 114)	5
	One approved CHEM elective numbered CHEM 244 or higher excluding CHEM 351. Three (3) credits of CHEM research may be used as this elective.	3
