¹Students majoring in Educational Studies are required to take CORE 190 to fulfill the Interdisciplinary CORE requirement. CORE 154, which is required for the major, will satisfy the Social Science CORE requirement. CORE 181 or 188, which is required for the major, will satisfy the American Studies CORE requirement.

² Updated Child Abuse & Criminal Record & FBI Clearances **REQUIRED** for EDUC 215, EDUC 220.

³Students majoring in Educational Studies are required to take MATH 101, MATH 102, BIOL 200, and PHYS 100. MATH 101 and MATH 102 together satisfy the Math CORE requirement. BIOL 200 and PHYS 100 satisfy the Natural Science I and II requirement.

⁴CORE 270 – 279 may be substituted for either BIOL 200 or PHYS 100.

⁵Because of the overlap in many of the courses and requirements, students should consider a possible minor in psychology which could be completed with the free electives.

General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs **or** if the student elects to pursue a second major.

Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives." **Because of the CORE and Major requirements, there are no "Free Electives" for students majoring in Educational Studies.**
