### NOTES:

<sup>1</sup>Choose one course from each of the Core Requirements listed on the reverse side.

<sup>2</sup>Course may satisfy both a Major and a Core requirement. CHEM 107 and PHYS 108 satisfy the Scientific Endeavor and Science in Context Core requirements. MATH 126 will satisfy the Quantitative Reasoning Core requirement and SOC 101 will satisfy the Human Behavior & Social Institutions Core requirement

<sup>3</sup>A student may take up to 17 credits in the Spring or Fall semesters without being charged for an overload. A “free elective” can be taken for personal enrichment or of Minor and/or Second Major requirements.

<sup>4</sup>A student must take SOC 101 Intro to Sociology to graduate from the Exercise Science Program and it must be completed prior to the spring of junior year (3<sup>rd</sup> year). SOC 101 will satisfy the Human Behavior & Social Institution Core requirement.

<sup>5</sup>A student must take MATH 126 Intro to Statistics PRIOR to taking EXSC 480.

<sup>6</sup>To be considered “full-time,” a student must carry a minimum of 12 credits per semester. However, a student is eligible to take up to 17 credits without being charged an overload.

<sup>PR</sup> Course has a prerequisite – Consult college catalog for further information.
