⁴ All secondary teacher certification candidates must complete six credits of college level mathematics and six credits of college level English. CORE 110 and CORE 16__ satisfy the secondary certification requirement for English. For the six credit Math requirement, students should strongly consider taking MATH 101 and MATH 102 in place of CORE 120. The content of the MATH 101/MATH 102 sequence is consistent with the material found on the Basic Skills examination. Together, MATH 101 and MATH 102 satisfy the three math credits required for King's College Core Curriculum as well as the six credit math requirement for Education.

⁵ Updated Child Abuse & Criminal Record & FBI Clearances **REQUIRED** for EDUC 235, EDUC 240, EDUC 270, EDUC 303, EDUC 305, EDUC 350, EDUC 366, EDUC 467 and EDUC 468.

⁶ EDUC 299 Basic Skills is a pre-requisite for all 300 and 400 level education courses. In order to register for this course, you must take and pass all basic skills tests. Formal application to the Education Department between 48 and 60 credits – failure to complete EDUC 299 by 60 credits will result in the dropping of teacher certification in compliance with PDE regulations.

General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs **or** if the student elects to pursue a second major.

Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives." **Because of the CORE, Major, and Secondary Education requirements, there are no "Free Electives" for students majoring in History/Secondary Education.**
