<sup>1</sup>Students are required to take CORE 180 **OR** CORE 190 to fulfill the Interdisciplinary CORE requirement.

- If a student takes CORE 180, then he/she should choose from 191 – 198 to fulfill the 19x requirement.
- If a student takes CORE 190, then he/she should choose from 181 – 188 to fulfill the 18x requirement.

<sup>2</sup>Updated Child Abuse & Criminal Record & FBI Clearances **REQUIRED** for EDUC 235, EDUC 240, EDUC 270, EDUC 303, EDUC 305, EDUC 350, EDUC 467 and EDUC 468.

<sup>3</sup>Students majoring in Political Science are required to take CORE 153. This course will satisfy both major and CORE Social Science requirements.

<sup>4</sup>All secondary teacher certification candidates must complete six credits of college level mathematics and six credits of college level English. CORE 110 and CORE 16\_\_ satisfy the secondary certification requirement for English. For the six credit Math requirement, students should strongly consider taking MATH 101 and MATH 102 in place of CORE 120. The content of the MATH 101/MATH 102 sequence is consistent with the material found on the Basic Skills examination. Together, MATH 101 and MATH 102 satisfy the three math credits required for the King's College Core Curriculum as well as the six credit math requirement for Education.

<sup>5</sup> EDUC 299 Basic Skills is a pre-requisite for all 300 and 400 level education courses. In order to register for this course, you must take and pass all basic skills tests.

### General Information:

A student must earn a minimum of 120 credit hours to be awarded the baccalaureate degree. The number of credit hours required for graduation may be higher in certain major programs **or** if the student elects to pursue a second major.

Beyond the requirements of the Core Curriculum and of a student's chosen major program, the balances of the credit hours required for graduation are "free electives." **Because of the CORE, Major, and Secondary Education requirements, there are no "Free Electives" for students majoring in Political Science/Secondary Education.**

Students seeking secondary certification must meet with his/her specific content area department for content area courses required for the degree.
