

Cost of Attendance

The Cost of Attendance is an estimate of expenses while you are enrolled at King's College. These expenses determine the amount of financial aid that can be provided and are used to measure financial need.

Expenses include direct costs like tuition, housing, and meals, as well as indirect items like books, transportation, and personal expenses. For indirect expenses, you will not receive a bill from the college, but these out-of-pocket costs are taken into account when determining your eligibility for financial aid.
