

KING'S COLLEGE PHYSICIAN ASSISTANT DRUG AND ALCOHOL POLICY

The King's College Department of Physician Assistant Studies follows the policies outlined in the King's College Student Handbook. The use of drugs or alcohol prior to or during any activities pertaining to the program is strictly prohibited. If there is reasonable suspicion of impairment, the student will be removed from that activity/class/rotation immediately.

Prior to the start of the professional phase of the program and annually thereafter, students will be required to undergo a 10-panel urine drug screen performed at a licensed laboratory. An institution, clinical site or the PA Program may require additional and or unannounced drug and/or alcohol testing. Referral for counseling and treatment may be required by the Program. Students will sign a consent form with a waiver of liability releasing this information to the Program and clinical sites. The student is responsible for all associated costs. If the student refuses, they may be unable to complete the requirements of the program. Specific disciplinary actions and/or dismissals will be handled on an individual basis.
