

King's College Protocols for Student and Employee Travel

Employees and students are encouraged not to travel to high prevalence COVID-19 areas within the US or internationally for the two weeks prior to a return to campus. Additional guidance follows.

United States/Students

Students living in states identified as high prevalence by the Pennsylvania Department of Health (PA DOH) should self-quarantine at home for fourteen days prior to return to campus and follow the bulleted points listed below. To determine if you live in a state that is high prevalence, use this link: <https://www.health.pa.gov/topics/disease/coronavirus/Pages/Travelers.aspx>

- Notify the Student Health Services @ studenthealth@kings.edu
- Take temperature twice daily
- Monitor for and report temperature over 100.4 and symptoms of COVID-19 using the Daily Wellness Check on the Campus Shield App
- Stay home and avoid contact with others
- Wear face covering/mask when in contact with others
- Do not go to work or school
- Do not take public transportation, taxis, or ride-shares
- Keep your distance from others (about six feet)

Students who traveled to states identified as high prevalence in the two weeks prior to return to campus must follow the bulleted points listed below for fourteen days. To determine if you have travelled to a high COVID-19 prevalence state, use this link:

<https://www.health.pa.gov/topics/disease/coronavirus/Pages/Travelers.aspx>. At any time, the student may be asked to remain at home (self-quarantine on campus or at home) for a period of fourteen days depending on the wide-spread COVID-19 activity in the area traveled to and/or because of non-compliance to mitigating behaviors. Individuals may be asked to obtain a COVID-19 test. Notify the Student Health Center of your travel.

- Take temperature twice daily
- Monitor for and report temperature over 100.4 F and symptoms of COVID-19 using the Daily Wellness Check on the Campus Shield App
- Wear cloth face covering/mask at all times when in common areas on campus and with any face-face exposure
- Maintain physical distance of six feet
- Maintain diligent hand hygiene
- Sanitize your room and shared common spaces frequently

United States/Employees

Employees who have traveled to or plan to travel to the high COVID-19 prevalence states identified by the PA DOH must follow the bullets below for fourteen days upon return to Pennsylvania. To determine if you have travelled to a high COVID-19 prevalence state, use this link: <https://www.health.pa.gov/topics/disease/coronavirus/Pages/Travelers.aspx> At any time, the

employee may be asked to remain off-site for a period of fourteen days depending on the wide-spread COVID-19 activity in the area traveled to and/or because of non-compliance to mitigating behaviors. Individuals may be asked to obtain a COVID-19 test.

- Notify your supervisor of your travel prior to and upon your return
- Take temperature twice daily
- Monitor for and report temperature over 100.4F and symptoms of COVID-19
- Wear cloth face covering/mask at all times when in common areas on campus and with face-face exposure to colleagues or students
- Maintain physical distance of six feet
- Maintain diligent hand hygiene
- Sanitize your workplace frequently

Travel Outside the United States / Students & Employees

There is widespread, ongoing transmission of novel coronavirus worldwide. See <https://wwwnc.cdc.gov/travel/notices/warning/coronavirus-global> for the Global COVID-19 Pandemic Notice.

Students or employees who lived in another country or traveled internationally in the past fourteen days are expected to self-quarantine in the US for fourteen days prior to return to campus and follow the bulleted points listed below. Canadian students may self-quarantine at home

- Notify the Student Health Services @ studenthealth@kings.edu
- Take temperature twice daily
- Students, monitor for and report temperature over 100.4 and symptoms of COVID-19 using the Daily Wellness Check on Campus Shield App
- Employees, monitor for and report temperature over 100.4 and symptoms of COVID-19
- Stay home and avoid contact with others
- Wear cloth face covering/mask when in contact with others
- Do not go to work or school
- Do not take public transportation, taxis, or ride-shares
- Keep your distance from others (about six feet)
